

seekable\_device\_tag

closable\_tag

DD4hep::dd4hep\_file< T >::category

```
graph BT; A[DD4hep::dd4hep_file< T >::category] --> B[seekable_device_tag]; A --> C[closable_tag];
```

The diagram illustrates a relationship where the `DD4hep::dd4hep_file< T >::category` class or namespace is associated with or inherits from both `seekable_device_tag` and `closable_tag`. This is represented by arrows pointing from the bottom box to the two top boxes.
