

G4UserStackingAction

DD4hep::Simulation::SequenceHdl< Geant4StackingActionSequence >

DD4hep::Simulation::Geant4UserStackingAction

```
classDiagram
    class G4UserStackingAction
    class DD4hep_Simulation_Geant4UserStackingAction["DD4hep::Simulation::Geant4UserStackingAction"]
    DD4hep_Simulation_Geant4UserStackingAction --|> G4UserStackingAction
```

The diagram illustrates a generalization relationship between two classes. At the top, there are two boxes: 'G4UserStackingAction' on the left and 'DD4hep::Simulation::SequenceHdl< Geant4StackingActionSequence >' on the right. Below these, centered, is a third box labeled 'DD4hep::Simulation::Geant4UserStackingAction'. A horizontal line with upward-pointing arrowheads at both ends connects the two top boxes. A vertical line descends from the center of this horizontal line to the top of the bottom box, indicating that 'DD4hep::Simulation::Geant4UserStackingAction' is a specialization or inherits from 'G4UserStackingAction'.
